REASONS FOR ALLOWANCE

1. Claims 1-14 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach or suggest "an inverted card insertion preventing projection provided on one of the first and second side walls of the second frame for preventing the card from being inserted upside down into the insertion cavity". The closest prior art of Hsu (US 2003/0082939) discloses card insertion prevention portion 50, but this portion is on the insulative frame and not on the second metal frame, as required by claims 1 and 11. Claims 2-10 and 12-14 are dependable on claims 1 and 11 directly or indirectly and are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
